

WE ARE CHRISTING 2.0

Heart-Chant Evoking Us All as Sons and Daughters of Goddess and God

By Saniel Bonder

Jesus/Mary Magdalene
Let's show CHRISTING 2.0

Your one Spirit is my own
Heaven and Earth abide as me

All above and all below
Alchemize in Onliness
Manifesting from the Heart

The supreme Sun in my Heart
Shines throughout the worlds as Love
To all beings all right here

Self and other, inside and out
Light and dark: all singleness!

Spirit and Matter now fully One
None of our parts in exclusion

Integrating our own shadows
Living in mutuality

Minds discerning, Heart well found
Clay feet firmly on the ground

God's Sons and Daughters we all become
Doing greater things than He

Gone are the days of the lone Hero
WE ARE CHRISTING 2.0

Goddess's Daughters and Sons we all
become
Doing greater things than She

Gone are the days of Her exclusion
She is Christing everyone

Goddess's and Gods Sons and Daughters we
all become
Doing greater things than They

Gone are the days of the lone Heroes
WE ARE CHRISTING 2.0

From every culture and dimension
Amazing Helpers cheer us on

Our loved ones on the other side
Wing men and women for our God-ride

It's as if all Creation
Wants to see This Great Thing Done!

When all humans with One Heart show
WE ARE CHRISTING 2.0!
